## SUMMARY OF QUALIFICATIONS

---

Innovative and driven Computer Science student, passionate about web development. Skilled in JavaScript and Java, with hands-on experience in MERN stack projects, React & Next.js development, and frontend UI/animation using Three.js, GSAP, and modern styling frameworks. Aiming to make a meaningful impact in software engineering.

## EDUCATION

---

**SRM Institute of science and technology**, Ramapuram, Chennai - 600089

(Present)

*Bachelor of technology in Computer Science and Engineering*

**Cumulative GPA:** 8.25/10

## TECHNICAL SKILLS

---

### FULLSTACK WEB DEVELOPMENT

Proficient in building scalable web applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**. Experienced in developing RESTful APIs, implementing authentication, and deploying full-stack applications. Skilled in integrating backend services with modern frontend frameworks.

### REACT & NEXT JS DEVELOPMENT

Specialized in developing responsive, high-performance web apps using **React.js** and **Next.js**. Proficient in **Redux**, **Context API**, and advanced Next.js features like **SSR**, **SSG**, and **API routes**. Focused on clean architecture, reusability, performance optimization, and SEO.

### FRONTEND & UI ANIMATIONS

Immersed in **Three.js** for interactive 3D graphics and **GSAP** for rich animations. Experienced with **Tailwind CSS**, **Material UI**, **Bootstrap**, **React-Bootstrap**, and **ShadCN** for crafting responsive, visually engaging interfaces

## EXPERIENCE

---

### TECHNOLOGY SUPPORT INTERN – Waves Swim Academy, Chennai, Tamil Nadu

01/04/2025 – 30/11/2024

Assisted in managing and maintaining the academy's website, ensuring optimal performance and user experience. Provided technical support for website maintenance website-related issues, including troubleshooting and resolving technical problems. Monitored website analytics to identify areas for improvement and implement necessary changes

### WEB DEVELOPER – Waves Swim Academy, Chennai, Tamil Nadu

01/04/2025 – Present

Redesigned and rebuilt the academy's website by migrating from a legacy PHP system to a modern React-based SPA. Developed the site from scratch using React and Tailwind CSS, enhancing UI/UX, performance, and scalability while aligning with the academy's brand.

## PROJECTS

---

**WAVES SWIM ACADEMY ( key Project )** - Redesigned the academy's website as a responsive Single Page Application using **React** and **Tailwind CSS**. Focused on performance, modern UI/UX, and brand consistency across devices. Implemented clean routing, scalable components, and optimized layout for future expansion.

**DEVELOPER NEXUS** - Built a modern, developer-focused Single Page Application using **React** and **Tailwind CSS** for showcasing personal projects, technical skills, and tools. Implemented intuitive navigation, dynamic content sections, and responsive layouts for a seamless experience build it with Immersive 3d objects. Focused on clean design, scalability, and performance optimization for developers and tech enthusiasts.
